

To strengthen our team we are seeking

**Software Developers with JAVA/J2EE experience
(full-time, permanent)**

In this position you will be responsible for developing demanding financial information applications with data integration for the most important service providers in the financial market. You are an analytical thinker, are creative and are a dedicated entry-level candidate or a seasoned veteran with expertise in the following areas:

- Analysis, design and implementation
- Test and quality control
- Tools and frameworks such as Eclipse, Spring, Hibernate, Tomcat/Jboss, UML
- Web frameworks, web services, SOA
- SQL database systems
- Linux and Windows, if necessary Solaris
- Occasionally also C/C++, C#, VB ...
- Project experience in the above-mentioned fields is desired

We offer:

Challenging, diverse and flexibly arranged tasks with the career prospects of a dynamic, future-oriented company in an exciting industry. If you gladly accept responsibility, want to turn your expertise into success and appreciate efficient decision-making processes in a medium-sized company, then you have reached the right address.

Have we sparked your interest? We look forward to receiving your relevant application documents. Please indicate your salary expectations and when you can begin.

Please send your documents via e-mail to:
oraise GmbH, Haferwende 10 a, 28357 Bremen.
